

ENDS AND TRENDS WITH KIM AND KAREN

Karen's Crafting Trend: Baker's twine is one of my favorite trends in crafting! I usually associate it with being used in kitchens and at bakeries.

Nowadays, you find baker's twine in not only red and white but all sorts of color combinations. I've seen them in black and white, blue and white, green and yellow, etc. I love using twine to add that pop of fun and color to my cards or in my gift wrapping. Use your imagination or just visit sites like Pinterest for inspiration.

You can find the twine in craft stores as well as online. Some specialty stores will sell you twine not only by the spool but also by the yard. Either way, there's a spool of twine out there to suit your needs!

Happy crafting!
